THE CONGRESS

will meet at

EDINBURGH

in the

UNIVERSITY-NEW COLLEGE

and in the

ASSEMBLY HALL

of the

FREE CHURCH OF SCOTLAND

from 6th to 12th JULY 1938

GENERAL TOPIC

THE REFORMED FAITH AND

ITS ETHICAL CONSEQUENCES

The Congress is not an OPEN FORUM; nor
is it to impose binding resolutions on any
taking part; rather to facilitate discussion
towards pooling concepts of the Reformed
Faith as applicable to present-day life. The
participating Churches, as heirs of the Refor-
mation, have a care for, and a duty to examine
lovingly, their tradition in the light of Scrip-
ture, which is the anchorage of the Faith.

The President at initiatory Meeting

THERE IS NO OTHER MEANS OF ENTERING
INTO LIFE UNLESS THE VISIBLE CHURCH CON-
CEIVE US IN THE WOMB AND GIVE US BIRTH,
UNLESS SHE NOURISH US AT HER BREASTS, AND,
IN SHORT, KEEP US UNDER HER CHARGE AND
GOVERNMENT, UNTIL, DIVESTED OF MORTAL
FLESH, WE BECOME LIKE THE ANGELS.

BRISTOL. 1.

July 26th/38.

} dear Robinson.

Just a line to
thank you for coming to see me
& for your charming letter of this
morning. I am much interested
in all you say about the Bible.
I agree that the pendulum is
swinging away from excessive
modernism. but I don't think
that it will swing back so far
as to take us to the rigid

Fundamentalism of 100 years ago.
at least I hope not.

I'm more brayed to any part in
the Church. but if I did. I suppose
I should label myself a liberal
Catholic.

Well. it was good to see you again
& wonderfully good of you to come
all that way to see me.

With every good wish to you & your
wife. & may God bless all your work.
Yours most sincerely.

Dear Bro.:~

I note with interest and satisfaction that you will enlarge your excellent paper to 32 pages.

I am happy in the hope that you will have room to use my book "Evolution Disproved," publishing it serially. The 50 arguments could be easily used, one each week, in a year. They would not occupy much space, and would be interesting and helpful to students and others who are misled by propagandists and so called "scientists." Evolution is the main support of infidelity, atheism and Communism.

All have increased with alarming
 rapidity. Evolution must be over-
 thrown with scientific arguments.
 No one has yet claimed the re-
 ward I offer on p. 117 (near bottom);
 90% of the hundreds of newspapers
 and magazines reviewing my book have
 commended it, even in India, Japan &c.
 I prize a brief letter from the pres-
 ent King of England. I had mailed it
 to all the sovereigns of the leading coun-
 tries. All, except Geo. V, accepted it.
 His secretary said that ^{it} was unlawful
 for the King to receive a gift from any
 one not his subject. I immediately

sent
 70 free copies to the 4 sons and
 his daughter, Mrs. Gascelles.
 Hence the King of Eng. and the
 possible future Queen Elizabeth
 have a copy. The Smithsonian
Institution sent 2607 copies, under
 their frank and seal, to large libraries
 of the world, to kings, scholars,
 and statesmen and others.

It has been printed in full in "The
 Old Paths" in Ceylon, India, and in part
 in Spanish, Lithuanian, Russian and Jap-
 anese. I want you to be among the
 first to publish it in English ^{in U.S.A.} Hence,
 I hereby offer you permission free to

to publish my entire book serially. If there are any errors, I will correct them and revise the book to date. And, if you wish, I will mail copies direct to the reader and charge you only 30 cents and you can keep the 70 cents.

The fact that I am a Presbyterian pastor, will not, I hope, militate against its value. If you have no copy at hand, I will supply as many as you want. I believe its publication will be of great value, arming your readers for defense of the truth.

Fraternally, W.A. Williams
